His Attitude.

### WILD SCENES IN CONVENTION

For More Than Three Hours There  
Was No Let Up To Tumult  
And Turnout.

Minneapolis, July 28.—Democratic storm signals were flying when the state Democratic convention met here today were torn to shreds by the tempest of feeling which was let loose late this afternoon over the nomination of John Lind for governor and the attempt to introduce a direct resolution in the party platform favoring county option.

For more than three hours, up to the very minute when the motion to adjourn was carried, there was no let up to the scene of disorder except for a few moments when the chairman made himself heard after terrific pounding with a piece of 2x4 scantling which he used as a gavel.

**TICKET.**  
The ticket named is:  
Governor—John Lind of Minneapolis.  
Secretary of State—Fred W. Johnson of New Ulm.  
Clerk of Supreme Court—Fred E. Wheaton of Minneapolis.  
Attorney General—J. M. Freeman of Olvia.  
State Treasurer—Charles F. Ladner of St. Cloud.  
Railroad and Warehouse Commissioner—James C. Tracy of Rochester.  
State Auditor—T. J. Meagher of Albert Lea.  
Justices of Supreme Court—T. J. O'Brien of St. Paul, A. W. Snow of Winona, Philip E. Brown of Luverne and Calvin L. Brown of Morris.

**MUTTERINGS BEFORE STORM.**  
Mutterings of the trouble were heard early in the day and an unusual condition existed. The delegates were unanimous in declaring that John Lind was one of the best Democrats in Minnesota. They were all his friends, but divided into two factions. One declared

## Story of Success

CYRUS H. MCCORMICK.

Saving, industrious, energetic, and all the time devising, thinking, experimenting, the inventor of the reaping machine lived to become the greatest benefactor of the farmers of America have ever known. The spirit of invention was in his blood, and after years of toil and discouragement he carved his name high among the world's successes.

He was more than an inventor—he was a business man, and it is largely due to the reaping machine that the United States outstrips the world as a grain producer.

He spent his boyhood working in the saw mill and carpenter shop on his father's Virginia farm, and at all times showed the careful, saving, indomitable spirit which always makes for success.

Everybody should have a savings account. No matter how careful you are in the matter of expenses, money is sure to slip through your fingers unless you have a place for your surplus earnings.

Have a savings plan and adhere to it. **UTAH SAVINGS & TRUST CO.**

that Lind must be nominated despite his repeated refusals to be a candidate and his final declaration, in a telegram from Portland, Or., yesterday, that he would not accept the nomination if made; the other argued that Lind had been governor of Minnesota and had nothing to gain by the nomination, and that he was of sufficient importance to have his wishes heeded by the convention.

The latter faction argued and shook fists at the chairman and at the other side, while those who were bent on nominating Lind howled, hissed and completely blocked the proceedings until by sheer force of noise and enthusiasm they won their point and secured the nomination.

Even then the friends opposed to the nomination took advantage of a motion to make the nomination unanimous to argue.

They wanted an opportunity to submit the nomination to Mr. Lind by telegraph and await his answer—to take a recess until 5 o'clock tonight if necessary, but this failed and finally the nomination was made unanimous and the convention adjourned at 6:33.

Other nominations were made by acclamation. On the matter of resolutions there was no contention except for a plank on county option. The anti-county optionists were in the majority in the platform.

committee on resolutions. This committee heard the resolutions offered by the county optionists and then voted them down and inserted a plank declaring for the initiative and referendum, which the committee declared would answer the same purpose.

**THE PLATFORM.**  
On the other resolutions in the platform there was no fight. On national issues the platform says:

"We deplore the weakness and timidity of President Taft who, with his campaign promises still fresh, but dominated by the predatory interests, weakly failed to use the tremendous force of his high office to force a recent congressional majority to do its duty in reforming the tariff. No subsequent effort to fulfill party promises can atone for this supreme failure to restore public confidence."

"We condemn the national administration for its initial effort to prevent the conservation of natural resources and have nothing but contempt for its insincere efforts to appear to support conservation after public disapproval of its course was manifested."

"We condemn the retention of Richard A. Ballinger as secretary of the interior after the exposure of his methods of conducting the affairs of that department to the conservation and declare it to be a national scandal."

"We deplore the discharge of Clifford Pinchot from the office of chief forester as a national scandal. The Democrats of Minnesota commend the Republican insurgents of Minnesota for their vote on the Payne bill."

"We strongly commend the course of William Scott Hammond, the Democratic representative of Minnesota in Congress, and urge the people of his district to reelect him."

"We demand the election of United States senators by direct vote of the people."

A resolution favoring additional laws protecting women wage-earners and several other state issues of minor importance were included in the platform.

**SON SAYS FATHER WON'T RUN.**

St. Paul, Minn., July 28.—Former Gov. Lind will not, under any circumstances, accept the nomination for governor, according to his son, Norman of Everett, Wash., where Lind is now visiting.

A special dispatch to the Pioneer Press from that place says that Lind refuses to comment on the action of the convention this afternoon.

"I have nothing to say," he is quoted as saying.

His son, however, made the definite statement that not only was his father greatly annoyed by the action of the convention, but that he would not, under any circumstances, accept the nomination.

The special further says that Lind will leave in a few days for Alaska, and that his itinerary will probably include a trip abroad, and that he will not return to Minnesota until Sept. 1.

**LIND SAILS FOR ALASKA.**

Portland, Or., July 28.—Former Gov. John Lind of Minnesota left Portland today for Puget sound and Alaska. He departed before the news of his nomination by the Minnesota Democracy was received here.

Mr. Lind was asked if he intended to accept the nomination, if tendered. He stated that he had not determined whether he would or would not, and that he would not decide the matter for some time, probably not until after the conclusion of his Alaska trip. The impression Mr. Lind gave was that he would make every effort to induce his party to substitute some one in his place to head the ticket.

**WESTERN UNION'S CHANGE OF POLICY**

Chicago, July 28.—T. P. Cook, general superintendent of the Western Union Telegraph company, has announced a change in the policy of the company in the west. A number of new positions have been created in the western divisions and appointments have been made.

"We are going to specialize," said Mr. Cook. "Up to the present time I have had all the western division on my hands. Our business has increased to such a volume in the last few years that I feel the need of some assistance. And so I am building up a staff to cover the west."

"I am initiating a plan whereby the classes of service will be divided. In this way each man can become a specialist in his particular line."

The new appointments are as follows:

M. E. Cook, general agent of the western division, has been given the title of division commercial superintendent of western division.

W. T. Lloyd, former superintendent of the first district, western division, has been made division superintendent of traffic, western division.

A. B. Cowan has been promoted to Mr. Lloyd's place as superintendent of the first district, western division.

M. H. Clapp has been appointed division superintendent of plant, western division.

The new appointments become effective Aug. 1.

## NEW PARTY FORMED IN PENNSYLVANIA

It Is Called the Keystone and  
Will Oppose Republican and  
Democratic Nominees.

### PUTS STATE TICKET IN FIELD

Declares Political Trust Managed by  
Cunning Politicians Threatens  
The Commonwealth.

Philadelphia, July 28.—William H. Berry of Delaware county for governor; N. Clarence Gibbons of Philadelphia for lieutenant governor; Cornelius D. Scully of Allegheny county for state treasurer, and John Casey of Luzerne county for secretary of internal affairs, is the ticket nominated by the Keystone party here today to oppose the nominees of both the Republican and Democratic parties.

The convention, composed of 117 delegates from 52 counties in this state, denounced both the old parties as being under the domination of the liquor industry.

The nominees for governor was formerly state treasurer, to which office he was elected by the combined Democratic, Prohibition and Independent votes in 1905. While in office he uncovered the state capital scandal.

In the recent Democratic state convention he was defeated for the nomination of governor, but received 109 votes. Many Democratic delegates subsequently bolted their party and took part in today's convention.

The name Keystone was adopted by the convention as the party name. The preamble to the platform adopted by the independents begins as follows:

"Pennsylvanians are face to face with necessity of desperate battle for the preservation of representative government."

"A political trust managed by cunning politicians threatens the commonwealth. Some of the conspirators are labeled Republicans and some Democrats; but they are all in league against the people and act in harmony with one treat."

### MONTANA'S ASSESSED VALUATION \$297,500,000

Helena, Mont., July 28.—Complete reports have been received by the state board of equalization from the various county assessors, and with two exceptions, increases are shown, the losses being \$313,493 in Deer Lodge and \$92,130 in Sanders. Despite these losses in two of 28 counties a total gain of \$17,946,486 is shown.

The assessed valuation of the state last year, including railroads, was \$280,401,062, which, if the state board of equalization makes no change in the railroad assessment, would make the total for the state this year, in round figures, \$297,500,000. Should the state board take no action along the line indicated, the tax levy will remain the same as at present, for the \$300,000,000 mark must be reached before the automatic change provided by the constitution becomes effective. However, there is a proposition in the form of a constitutional amendment to be voted upon this fall which would, if it prevails, nullify this provision.

Yellowstone county shows the greatest gain of all counties, its increased assessment being \$1,937,535. Gallatin is next with \$1,855,506; Cascade next with \$1,749,065, and Fergus next with \$1,715,650. The chief gain is shown in farm lands and city property. In fact, the feature of the reports of the assessors is the agricultural development of the state.

**NEW USES FOR POSLAM.**

Surprising Results After One Application—Skin Ailments Eradicated.  
Those who have on hand a jar of poslam, the new skin remedy, should try it for some of the little skin ailments common to all households, particularly in the summer time. Surprising results will be seen after a single application when poslam is used for sunburn, fever, blisters, mosquito bites, burns, rashes, pimples, hives, red noses and irritated and inflamed skin. The complexion is cleared overnight; dandruff is dissolved, itching or chafing feet are speedily relieved.

These uses are suggestive apart from the primary purposes of poslam, the treatment of eczema, acne, skin scale, all forms of itch and other serious and virulent skin troubles. There is no skin disorder for which poslam should not be unhesitatingly used and which it will not benefit. Whenever itching is present it is stopped at once.

According to the uses for which it is employed, poslam may be purchased by mail, upon request, to anyone who will write to the Emergency Laboratories, 32 West 25th street, New York City.
